

GPS Grizzly Gazette-May Edition

The Best School in Town!

SPRING~Principal's Message

Happy spring GPS families! We have been very busy with robotics, badminton, jump rope for heart and our count down to Earth Day. We are so fortunate to have both staff and student leaders who take the initiative to make great things happen at our school. Our upcoming calendar is filled with many more special events. We would LOVE to have our parent community come and join us. Our school is filled with the sound of music this spring!

A few reminders to please discuss with your children:

- Scooters/skateboards/and bikes are not allowed in the parking lots. Stunts/tricks are not permitted on school property.
- Supervision starts at 8:25 am in the backyard. No students should arrive before this time.
- The school is not responsible for broken or stolen cell phones & devices.
- No texting during the school day.

School improvements continue! Soon we will install a new basketball system in our yard. A tree will be planted and our garden is being rejuvenated. Our entrance is undergoing a "face-lift" and we're adding some inspirational word art to our walls.

Our music program is growing and the kids are having fun and experiencing success. Please support our pizza kit fundraiser to help purchase and maintain our instruments.

Check us out on Facebook for all the details. Thanks School Council for all you do to make GPS the best school in town!

Take care,

Tanya Fraser, Proud Principal of GPS
