SNACK BASKETS

King Albert Public School is enjoying delicious and nutritional breakfast choices in classrooms each morning. Baskets are placed in each classroom every morning. This allows every student the opportunity to select items throughout the morning when they feel hungry. Whether it's an apple or yogurt, students are enjoying the variety of items available. Have you asked your child what their favorite item is? This program is made available by funding from Breakfast Clubs of Canada, Food Source, Tim Horton's, and Food for Kids. We are always looking for volunteers and donations of food items to continue our programs.

UPCOMING SPORTING EVENTS

Students and staff at King Albert have been training hard in preparation for upcoming games and meets. The cross country running team will be lacing up their shoes on October 4. We will leave King Albert for Ken Reid Conservation Area at 9:15 and will return by 2:00. The Junior soccer zone tournament will be on Tuesday, October 17 at Fenelon Township Public School. Mr. Brillinger will send more information home with permission forms soon. Good luck to our athletes.

THE KING'S SHOP

The King's Shop is open this year on **Tuesdays and Wednesdays** from 3:15 to 4:00. We have begun putting out winter gear, snow suits, mitts, boots. You can fill a provided shopping bag for \$2.00 or purchase an item for 25 cents. Just a reminder that we have had to relocate the store into a smaller room and as such, we've had to downsize to having children's items only. Happy shopping!

HEAD LICE

We've had a series of parents call us to report their child as having live lice. TLDSB's procedures around lice have changed and require students with live lice to be sent home for a few days for treatment while those found to have nits (lice eggs) are permitted to remain at school. Parents of the children involved are always contacted and notices go home in the classrooms in which live lice have been found. Mr. Burke is working with the Health Unit on an informational video for families that will be posted soon on our Twitter, Facebook, website and YouTube channel – stay tuned!

PICTURE DAY

Don't forget! Our photo day is Tuesday, October 10, 2017. Edge imaging provides a wide selection of products to capture your child's true personality. Feel free to visit www.edgeimaging.com for answers to frequently asked questions.
