@KPMansonps

Enough with the rain already!! The end to the school year is not far away... only 8 weeks left. With this sometimes comes a reduction in the level of commitment students have to their studies – please continue to remind your child of the importance of staying focused and persevering as they move on to the end of the school year and the weather improves.

At this time of year we begin to look at staffing and class makeups for next year. I am hopeful there will not be too many changes, but there are always changes as some staff return and others transfer or relocate. Enrolment numbers will continue to be about the same, so I anticipate a number of split classes again this year. I hope to be able to announce the teachers associated with classes in the June newsletter.

Parent council has once again been instrumental in offering and supporting various activities and events at KP. I cannot say enough about how wonderful this group of parents are!!! Thank you, thank you, thank you!! Please make sure to put **Fun Night** on your calendar, as this is a great night to celebrate and visit and with other KP families.

As we move rapidly towards the end of the year, please feel free to drop in and visit the school to see the neat things going on. Our gardens will need some attention – if you are interested in helping with the school garden please contact the school.

As always, if you have a concern please feel free to contact the school or myself.

Sincerely,

Gail Greenfield
